

People's Village

In year two at People's Village, our housing-focused approach has created a calmer environment. We learned to mix up the clientele a bit with a combining our most vulnerable with some very housing-focused folks. We are moving in a good direction and have gotten so many people housed.

*Stacie Questioni,
People's Village Manager*

COTS is proud of working alongside the 90 individuals in People's Village in the last two years, 24 of whom have found and maintained permanent housing. People's Village has been incredibly successful—after two years, the flexibility of this program has proven to increase successful outcomes to permanent housing for people experiencing chronic homelessness in our community.

*Chris Cabral,
COTS CEO*

To date,
People's Village
has:

served
90
clients

moved
24
clients into permanent
housing

Over a 240% increase in
the number of clients
housed over year one.

"Eileen has been a huge help. The biggest help when it comes to housing. . . She's a rock star."

-Former People's Village Client
Brandon and his dog Izzy ,now housed

"This shelter helped me. This shelter showed me how to live."

"[They] showed someone was willing to help you [even if] you're like me and can't read or write. . . Because I listened to what these people told me to do, I made it. If I hadn't listened to these people, I wouldn't have ever made it."

-Recuperative Care and People's Village Client
James, now housed

"I realized a few different things. One is my life is worth fighting for no matter what. And everybody else's life has equal importance."

-Former People's Village Client
Mary, now housed
